GENERAL TERMS AND CONDITIONS OF THE PRICE LIST

Operations in the harbour area of Port of Helsinki Ltd are subject to the harbour regulations of Port of Helsinki Ltd.

All owners, holders, representatives or other parties responsible for the port fees of any goods or ships arriving at or departing the port area of Port of Helsinki Ltd, as well as those who otherwise use the services of Port of Helsinki Ltd, commit to adhering to the price list.

The charges in this price list do not include value-added tax (VAT). VAT is added to the prices according to the valid VAT rate, if sales are liable to taxation according to law and/or decisions made by public authorities.

In case the liability for payment regarding VAT becomes retroactive on account of changes in interpretation, we presume that clients will act in accordance with Section 178 of the Value Added Tax Act.

The payment time for invoices is 14 days.

Penalty interest is calculated in accordance with section 4(1) of the Interest Act.

The collection fee is €5.00

If there are any differences between Finnish and English Price Lists, please follow the Finnish one.

CARGO CHARGES

GENERAL TERMS

- 1 A harbour charge for cargo is levied on goods transported by sea via the Port of Helsinki, in accordance with to the price list for cargo traffic.
- 2 Goods transported through the port by means other than by sea on a ship are subject to a one-time cargo charge in accordance with the tariff table for cargo traffic. The charge shall be paid by the domestic owner, shipping agent, shipping company, or the person in charge of the cargo during the transport unless otherwise agreed.

The person responsible for paying the charge shall provide the Port of Helsinki Ltd with the information required for determining the charge.
- 3 Goods charges are levied according to gross weight, unless otherwise stipulated.
- 4 Bulk cargo is cargo loaded or unloaded from the vessel by using either shovel, elevator or other conveyor, tube system or hose pipe. The vessel is usually fully loaded with this kind of cargo such as coal, coke, grain, oil or sand.
- 5 Charges are waived on the following:
 - passenger luggage
 - household goods conveyed by vessels in archipelago traffic or goods brought for sale at the market place or in the harbour
 - containers, pallets and similar transport equipment classified as facilities and not as merchandise, excluding empty vehicle units transported in the South Harbour, Katajanokka and West Harbour.

28 Base metals (in Portnet notification 26)
50 Other cargo

VESSEL CHARGES

GENERAL TERMS

The Port of Helsinki Ltd will levy a harbour charge in accordance with the price list on any vessel entering the port area of Helsinki.

- 1 The basis for this charge is the net tonnage of the vessel.
The vessel charge is calculated by multiplying the charge by the net tonnage. If the net tonnage is greater than 34,000, the vessel charge is calculated by using the figure 34,000.
- 2 If the net tonnage changes in port, the charge will be made according to the highest net tonnage.
- 3 In order to be able to determine the basis for the charge, the captain of the ship or a representative is obliged to make the appropriate notifications for calculation of the charge.
- 4 Payment of the harbour charge entitles a vessel to an uninterrupted stay of 3 days (72 h) in the port area. If a vessel calls at the port area more than once during the same day, the vessel will be charged for one visit only.
- 5 No harbour charge will be collected from vessels in distress.
- 6 Vessels shall be declared to the Port of Helsinki Ltd immediately after arrival and departure, unless otherwise agreed.
- 7 A waste disposal payment will be collected from vessels in accordance with a separately confirmed ship-generated waste charge.
7. A separate fee will be charged for the vessels' waste management in accordance with the confirmed vessel waste charges. With regard to maintenance visits, the accrued expenses will be charged, with an added 10% general charge.
- 8 The vessel type entered in the marine register does not always determine the vessel's harbour charge; instead, the harbour charge is partly based on the type of the vessel, i.e. whether the vessel is carrying mainly cargo or mainly passengers.

VESSEL CHARGES

VESSELS CARRYING MAINLY CARGO		€	code
1	These vessels will be charged by to 100 net tonnage units. Tug/barge combinations are charged according to the combined net tonnage. Minimum charge	39.85 229.80	15115

The quay rent for Pakkahuone is always at least

	€	code
The quay rent for Pakkahuone is always at least	245.00	65250

Services used by vessels are charged for according to their costs.

ENVIRONMENTAL DISCOUNT

Liner traffic vessels that have a low environmental impact in port, or that have significantly reduced their environmental impact with development measures, and that fulfill relevant requirements listed below, may be granted a discretionary discount of a maximum of 6 % on vessel charges. The discount is granted based on a separate application. The discount can be applied for under the following three categories:

- Low emissions (based on vessel's ESI- or CSI-certificate score).
- Output noise level of less than 105 dB while docked, of vessels in the passenger harbours (based on confirmed and measured output noise levels while docked).
- Investments/innovations that improve in-harbor environmental efficiency, energy efficiency or noise abatement, for example (based on a report on the change with calculations/measurements of its impact).

The discount applies to 2020 vessel charges. More information and application directives <http://www.portofhelsinki.fi/en/port-helsinki/price-list>

PASSENGER CHARGES

Passenger vessels for which Port of Helsinki Ltd has designated the use of a passenger terminal (terminal, traffic areas, etc.) are charged a passenger charge for every passenger arriving or departing at the port.

	€	code
• foreign traffic	2.04	18119
• domestic traffic	2.04	18127

If the operation of the vessel does not involve the use of a terminal, the passenger charge is charged at a reduced rate of 25%.

	€	code
If the operation of the vessel does not involve the use of a terminal, the passenger charge is charged at a reduced rate of 25%.	1.53	18135
The passenger terminals are open according to the vessels' established timetables. Work outside these hours is overtime work and will be charged for in accordance with hourly charges rates (see page 20, Hourly Charges).		18002

The harbour charge for passengers does not apply to:

- 1 Lorry- and bus drivers.
- 2 Persons who have boarded the ship in an official role to inspect or supervise the functioning of the ship's equipment.
- 3 The vessel's crew members or those in a similar role, who are performing their duties (transfer crews).

VESSEL WASTE MANAGEMENT CHARGES

SOLID WASTE, OILY WASTE FROM THE ENGINE ROOM AND WASTEWATER

VESSELS CARRYING MAINLY CARGO

A waste management fee will be charged for according to the vessel's tonnage, by hundred (100) net tonnage units.

€ 13.60 19000

The minimum fee for each vessel visit is €251.00 and the maximum fee is €3,132.00.

VESSELS CARRYING MAINLY PASSENGERS

A waste management fee will be charged for according to the vessel's tonnage, by hundred (100) net tonnage units.

The minimum fee for each vessel visit is €318.00 and the maximum fee is €4,020.00.

€ 17.04 19075

Discharging wastewater (domestic sewage) into the port's sewer system is not subject to a separate fee. If the waste water pumped from a ship is classified as industrial, the waste management charge will be determined separately. The flushing of waste water hose pipes is subject to a charge for 4 working hours in accordance with the hourly rate list.

19026

Vessels carrying mainly passengers are granted a 20% discount on the waste management fee if they discharge their domestic sewage into the port's sewer network.

€ 13.63 19083

The minimum fee for each vessel visit is €254.00 and the maximum fee is €3,215.00.

The waste management fee covers the reception and treatment/ disposal of the wastes.

A vessel that intends to use the port's waste reception service must notify the port of this at least 24 hours before the vessel's arrival at the port. The notification must include the type and amount of waste as well as the waste oil tank volume and the port of departure.

No waste management fee is charged to vessels that the Finnish Transport and Communications Agency Traficom (Traficom) has exempted from obligatory disposal of oily and solid wastes.

VESSEL WASTE MANAGEMENT CHARGES

If a vessel exempted from the waste management fee drops off waste at the port, the Port of Helsinki Ltd will levy a waste management fee in accordance with the price list.

OTHER WASTE

Fees for receiving and handling other waste (such as waste generated by sulphur oxide scrubbers) left by a vessel at the port are based on actual costs incurred. These charges include a processing charge that is 2.5% of the total invoice amount or a minimum of EUR 40.00.

19018

Waiting time

Primarily, waste will be collected as soon as the vessel has docked or at a time specified by the crew of the vessel. The fee for vessel waste management includes a loading time of 4 hours. An extra charge of €79.00 per each hour starting will be collected for time that exceeding 4 hours.

19091

For amounts of waste that are exceptionally large in terms of the vessel's normal use or traffic, the vessel or shipping company will be charged according to the costs that arise.

MOORING AND UNMOORING CHARGES

	€	code
The regulations of the European Commission's decree ((EU) 2017/352) related to port services will come into force 24 March 2019 and they will change the mooring and unmooring services offered in the ports of Helsinki.		
The Port of Helsinki Ltd has transferred its mooring and unmooring service production to its subsidiary (South Finland Port Service Ltd) starting from 1 January 2019.		
For mooring and unmooring with the help of the Automoorring devices, the Port of Helsinki Ltd will charge an infrastructure charge.		
Infrastructure charge		
Ship's net tonnage		
1–3,000	46.35	50111
3,001–7,500	128.15	50132
7,501–15,000	220.10	50153
over 15,000	225.85	50175

CHARGES FOR WATER SALES

	€	code
Water sales charges from hydrants in the harbour. The currently valid water consumption charge set by HSY increased by 10% to cover the maintenance costs of the port network. In addition to this, a service fee of €1.55 per m ³ will be charged.	5.103	24117
Vessels that maintain regular liner traffic may be permitted to take water themselves from port hydrants. Vessels that have been given permission to take water themselves are charged the currently valid water consumption charge set by HSY, increased by 10% to cover the maintenance costs of the port network.	3.553	24216
Minimum charge	17.90	

ELECTRICITY CHARGES

TEMPORARY CONSUMER

A temporary consumer is a client using electricity at a certain site for a maximum time of 30 days at a time.

Electricity charge

For temporary consumers the electricity charge is the rate listed in the Helen Ltd's general tariff, increased by 20%.

Connecting charge per time

During normal working hours 7 am–4 pm

Other times

€ code

39115

39214

39230

If a fitter is called to work outside normal working hours, overtime –less one hour included in the connection charge–according to Hourly Charges (see page 20) is charged. In addition to this, actual travelling expenses will also be charged.

39008

LONG-TERM CONSUMER

A long-term consumer is a client using electricity at a certain site for a period of at least 30 days at a time.

For long-term consumers the electricity charge is the rate listed the Helen Ltd's general tariff valid at the time in question, however, the connection charge will at least be the above rate.

39537

OTHER TERMS

Electricity is sold according to the delivery terms of Helen Ltd.

Parties who require electrical energy are to contact the Port of Helsinki Ltd in good time, and sign a contract before starting to consume it. A consumer who wants to stop using electricity shall, in good time, inform the office at charge in the Port of Helsinki Ltd.

Minimum charge

17.90

UNITIZED CARGO TRAFFIC
